CROP NEWS INFLUENTIAL

Foreign Markets Waking Up to Importance of Listing of Steel in Paris.

NEW YORK, June 2.—A check came to the advancing tendency of prices to-day, although the action of the market was still mixed. Here and there figures continued to rise, but in other quarters there was a sharp backset. Reading especially was under quite severe pressure and noticeably influenced the whole list. TRADE REPORT.

Bradstreet's Saturday will say for Richmond and vicinity:
Trade conditions generally remain unchanged and irregularity is noted, some lines being fairly achive, while others are quiet. Machinery and railroad supplies show some activity. Manufacturers of and dealers in agricultural implements report business well up to expectations. Fertilizers sales continue active for the advanced season. Dry goods continue quiet. Leather is quiet and tanners are not busy, owing largely to the high price of hides. Lumber is more active than in the early spring months. Building continues brisk. Naval stores continue firm, no material change in prices being noted. Railroad reports show increase in freight receipts. Weather conditions have been favorable and crop reports are encouraging. Collections continue quiet.
